Course Requirements:

- Students must be 16 years of age at the time of course start date.
- Students must obtain NIMS 100 & 700 certificates by completion of class.
- Students must complete a Hazardous Materials Awareness Class (Offered during class).
- Students should be capable of reading, writing, and oral communication.
- Students should be able to walk, kneel, and crawl.
- Students should have the ability to lift light to moderate objects

Course Objective:

This course is designed to teach the Emergency Medical Responder Standards for students to receive a Minnesota State Emergency Medical Responder Certification. In order to receive your certification you must complete the class, pass a written exam, and pass a practical skills exam. The course will be graded as Pass/Fail.

Course Content:

This course is designed to teach the Emergency Medical Responder Standards for students to receive a Minnesota State Emergency Medical Responder Certification. We will be using the AAOS 6th edition from Jones & Bartlett Learning titled "Emergency Medical Responder". You may rent (free) or purchase this book from the Lewiston Ambulance (\$95) on the first night of class. If not purchasing from Lewiston Ambulance it is extremely important that you have the correct book. You may call our office for the ISBN Number if needed.

A more detailed syllabus will be given at the start of class.

Course Registration & Payment:

Registration and Payment of course should be handled through the Lewiston Ambulance office. E-mail ambulance@lewistonmn.org or call 507-523-2982 to register. The price of the course is \$450.

Materials Needed:

- 3 Ring Binder (Preferred) or Folder
- Textbook (May be purchased first night of class)
- Workbook (Received from Instructor no charge)
- Professional Attitude

Tests:

Students will be required to pass a written and skills exam verifying minimum level competency. Our program instructors will prepare you for these exams.

Attendance Procedures:

It is very important that you attend every class as this is a state certified course. If you are absent, it is your responsibility to make sure you make up the work that you missed from that day.

Special Needs:

Students having any special needs (any factor that may inhibit and/or effect the success of each student) should and must make these needs known to the instructor during the first week of class.
